Volume 8 Number 2 Nov 2024

International Journal of
Offshore and Coastal Engineering
(IJOCE)

Factors that Influence Performance Assessment of the Number of Seafarer Request in the Manning Agency	59
<i>Muhammad Akbar, Tri Achmadi and Murdhifin Zulmy Widya Kuniawan</i>	
Analysis of the Global Structural Strength of a 35,000 DWT Single Point Mooring (SPM) Buoy Under Wave Loads	65
<i>Fadel Muhammad, Tia Natalia and Tri Achmadi</i>	
Gulf of Lampung Bamboo Fixed Net Cages Structural Design Identification	75
<i>Shila Atika Sari, Mochammad Fathurridho Hermanto, Elsa Rizkiya Kencana and Nafisa Nandalianadhira</i>	
Analysis of the Influence of Infrastructure, Costs, and Services for the Crew's PT. PELNI on Customer Satisfaction Using Principal Component Analysis (PCA) Method	82
<i>Hilda Emeraldo Ahmad Adiarsa, Mokhamad Aufal Huda and I Gusti Ngurah Sumanta Buana</i>	
The Role of Merak Vessel Traffic Service (VTS) in the Implementation of Traffic Separation Scheme (TSS) in Sunda Strait	87
<i>Ananda Firsta Tea Relevania Purnama, Atika Khoirul Umaroh and Setyo Nugroho</i>	
Strength Analysis of the Floating Pier Structure with Passenger Ship 116 GT (Case Study: Sanur Harbor, Bali Province)	92
<i>Eliezer Bertram Free Buana, Sholihin and Kriyo Sambodho</i>	
Pipeline End Manifold (PEM) Structural Response Analysis due to the Settlement Process	101
<i>Ichwandanny Faturahman Darobi, Murdjito and Hasan Ikhvani</i>	
Burst Pressure Analysis on Corroded Pipeline Using Finite Element Method	108
<i>Mahadi Yahya Sormin, Yoyok Setyo Hadiwidodo and Nur Syahrani</i>	
Analysis of the Effect of Nano-Alumina Addition on Epoxy Coating on Abrasive Resistance, Adhesion Strength, and Corrosion Rate of ASTM A36 Steel Plate	117
<i>Herman Pratikno, Wimar Bhara Trisnadi and Sholihin</i>	

Contents

Volume 8 Number 2 Nov 2024

**Harnessing Ocean Alkalinity Enhancement (OAE) for CO₂
Decomposition and Renewable Energy Production : The AODOP
Innovation Towards Net-Zero Emissions 2060**
Jennifer Batamia, Nadhif Rafif Pb, and Syafira Dewic
