Volume 4 Number 1 May 2020

International Journal of (IJOCE) Offshore and Coastal Engineering

- | | |
|---|-----------|
| Influence of Pre-Weld Heat Treatment and Aging Post-Weld Heat Treatment on Tensile Test and Microstructure of Aluminium 6061 Weld Joint | 1 |
| <i>Herman Pratikno, Tin Rachmatullah and Hasan Ikhwani</i> | |
| Analysis of Inspection Scheduling on Free Spanning Subsea Pipeline Using Risk Based Inspection (RBI) Method | 9 |
| <i>Daniel Mohammad Rosyid, Abizar Giffari, and Yoyok Setyo Hadiwidodo</i> | |
| The Study of Mooring Buoy Operability to Support Offloading Operation of Shuttle Tankers with Various Capacities | 17 |
| <i>Mochamad Afif Zahiru Fajar, Eko Budi Djatmiko and Murdjito</i> | |
| Risk Analysis of Decommissioning Process: Case Studies of Lima-Compressor Platform | 27 |
| <i>Arif Windiargo, Daniel Mohammad Rosyid, and Murdjito</i> | |
| Analyzing the Effect of Variation in Shielding Gas Flow Rate and V Groove Type Towards Tensile and Metallographic Testing of GMAW Weld Joint of ASTM A53 and A36 | 35 |
| <i>Herman Pratikno, Andrea Novia Samiyono and Wimala Lalitya Dhanistha</i> | |
| The Effect Analysis of Coating Thickness Variation and Mixed Composition of Zinc - Graphite on Epoxy Coating with Steel Plate ASTM A36 | 42 |
| <i>Herman Pratikno, Andry Febrianto, and Wimala Lalitya Dhanista</i> | |
